

## Overview

Specializing in newborn to 6-year-old care with over 15 years of professional nanny experience. I provide nurturing, developmentally-focused care for infants and young children, with expertise spanning the crucial early years from birth through early elementary. I am bilingual in Spanish and English, supporting early language development and effective communication with diverse families. I hold current Infant and Child CPR and Emergency Care certifications, maintain a valid Virginia driver's license, and keep all standard vaccinations up to date.

My approach centers on building genuine, long-term relationships where I become a trusted part of the household. Families often call me "Nina"—a testament to the deep bonds I form with each child. I provide comprehensive care including daily routines, enrichment activities, meal preparation, light housekeeping related to childcare, and flexible support for weekends or date nights.

## Experience

### The Back Family, Ashburn, VA

January 2025 - Present

- Care for their baby boy since three months old, attending to all daily needs.
- Support the family with daily childcare chores and meals.
- Engage the child in enrichment activities focused on learning and development.
- Provide multiple language interactions to support early language acquisition.
- Organize daily walks and outdoor activities for physical development and exploration.

### The Manning Family, Ashburn, VA

January 2024 - September 2024

- Provided full-time care for their daughter, attending to daily needs and routines.
- Supported the family with meal preparation and childcare-related household tasks.
- Engaged the child in age-appropriate activities and outdoor play.

### The McCormick Family, Sterling, VA

January 2023 - September 2023

- Cared for their daughter (14 months) and newborn son.
- Supported the family with daily childcare chores and meals.
- Engaged both children in learning, outdoor play, and well-being activities such as walks, park visits, and playdates.
- Helped maintain the children's toys, clothes, and other belongings.

### The Williams Family, Broadlands, VA

September 2020 - December 2022

- Cared for their daughter from 4 months old until almost 3 years old.
- Developed daily activity and development plans for positive and enriching skill-building.
- Organized daily walks in the park and other outdoor activities.
- Supported the development of socialization, interaction, and communication skills.

### The Colatosti Family, Brambleton, VA

January 2015 - July 2020

- Cared for their daughter from birth until the family relocated out of state.
- Supported the family by driving, walking, and running with their daughter to various activities, including dance, swim class, school, events, and playdates.
- Developed a deep trust and bond with the family, with their daughter often by my side throughout the day.
